ADVANCED LUBRICATION FOR A SMARTER TOMORROW

Quality & Partnership

BAROX Lubricants German premium oil company built on a foundation of integrity and technical excellence. Our commitment is not just to supply lubricants, but to deliver guaranteed performance and build successful, long-term partnerships.

Key German Pillars

- » Uncompromising German Quality
- » Reliable Partnership
- » Technical expertise

Wide Range of High-Performance Lubricants

Quality & Partnership

100% Virgin Base Oils — Purity from the Start
We use only virgin base oils, never recycled or re-refined, ensuring stronger molecular integrity, better oxidation stability, and longer service life.

Advanced Protection Additives- Only using additives from industry leaders—Lubrizol, Afton, Infinium, and Oronite—delivering superior defense against wear, deposits, sludge, and thermal breakdown.

We offer a broad portfolio of high-quality lubricants designed to meet the performance demands of different industries.

Mastering OEM Specification

Our core expertise lies in developing lubricants that not only meet but formally achieve critical OEM specifications and approvals. We navigate the complex certification processes so you can offer your customers guaranteed compliance and peace of mind.

BMW • MB • PORSCHE • AUDI
FORD • NISSAN • VW

Join Our Network

We are seeking qualified Distributors and Partners worldwide who share our commitment to quality. If you are ready to offer a product line with a genuine technical advantage, we want to hear from you.
